PELLACHROM

DECORATIVE & MARINE COATINGS

Καταβάλλουμε κάθε δυνατή προσπάθεια για τη πιστή αναπαραγωγή των χρωμάτων. Ωστόσο, λόγω τυπογραφικών περιορισμών, ενδέχεται να υπάρχουν μικρές αποκλίσεις μεταξύ των αποχρώσεων του καταλόγου και του πραγματικού χρώματος.

We make every possible effort to ensure perfect color reproduction. However, due to printing limitations, colors may not match exactly between the shades of our catalog and real colors.

Nous effectuons tous les efforts nécessaires pour reproduire fidèlement les teintes. Cependant, les restrictions typographiques peuvent entraîner de légères variations entre les nuances de notre catalogue et les teintes réelles.
