

# ADDITIVE 640

special additive for polyurethane based paint

One-part polyurethane-based transparent additive for special applications. Add as part C to the already mixed two-component system (A+B) of polyurethane coatings

- ▶ POLYGLOSS
- ▶ POOLGLOSS
- ▶ ANTISKID
- ▶ UNI-PRIMER

Enhances gloss and resistance to weather conditions and solvents. Extra hardness to the final coating ensured in a shorter time due to its quick drying-time. Boosts gloss, elasticity, chemical, mechanical, weather and water resistance. Ensures extra protection to the gloss and color of the coating even under adverse weather conditions.

#### TOOLS

roller, brush or airless spray gun

#### SURFACE PREPARATION

Apply (A+B) as first coat, without adding ADDITIVE 640. Sand the undercoat. Apply the final layer by mixing (A+B), ADDITIVE 640 and 3-5 % THINNER 120. Apply 1-2 coats.

#### PACKAGING

Available in transparent. Containers of 375ml and 750ml.

#### TECHNICAL CHARACTERISTICS

|                         |                              |                              |
|-------------------------|------------------------------|------------------------------|
| <b>TYPE</b>             | MIXTURE OF ISOCYANATE RESINS |                              |
| <b>SPECIFIC GRAVITY</b> | TRANSPARENT                  | 0.95 ±0,05gr/cm <sup>3</sup> |
| <b>FLASH POINT</b>      | 23 °C                        |                              |

#### STORAGE

2 years if unopened and stored under normal storage conditions. Once opened, seal well and store in a closed place at room temperature between 5-25°C. Keep tightly closed after application for future use. Store in a cool place. Protect against freeze and direct sunlight.

#### CLEAN-UP / DISPOSAL

Keep your tools wet inside the can when not painting. Rub excess paint off your tools on the side of the can after paint application. Clean immediately after use with THINNER 120 or with any nitro or polyurethane thinner. Do not empty washing liquids into the water table. Always handle empty containers and product carefully. Do not pour leftover product down the drain. Strictly follow local, regional, national regulations and legislation on the disposal of products and empty containers.

#### HEALTH & SAFETY

Read carefully the safety instructions on the label. For more information, consult the Safety Data Sheet.
